

## QUALITY POLICY

The policy of the Company is to provide products and services of a high standard at competitive prices to meet the customer's contract, specification and quality requirements.

To meet these requirements, and achieve quality in all areas of work the Company's policy is to operate a Quality Management System to ISO 9001 : 2015.

The scope of the Quality Management System is the provision of Static Site Guarding and Door Supervision in accordance with relevant British/European Standards, Norms, Industry Codes of Practice, Police Policies and Certification Body Rules & Criteria for Registration & Guidance Documents.

The continued realisation of this policy is vital in view of the growth of quality awareness among our customers.

Quality Objectives are set and monitored through the Quality Management Processes to ensure continual improvement of the Quality System.

The Quality Assurance Procedures defined in the Quality Manual and supporting documentation are mandatory for all staff. All staff are directly responsible for the Quality of their own work and shall be made aware of Quality Assurance requirements.

Periodic audits and reviews will ensure that the methods employed progress in line with practical experience, customer requirements and worldwide technical developments in our specialised fields.
